Other personal information:	Christian, South African nationality, A+ blood group. Candidate is a twin. She is a very bubbly, friendly, and open-minded person. She describes herself as an outgoing and all-in-one fun person. She is always open to trying new and exciting things. She is an easygoing person and grateful for the little things she has. She is passionate about teaching and helping children. Family is what is most important to her. She enjoys spending most of my time with her family, especially with her mother. Her mother truly deserves all the best things in

	<p>the WORLD. Her dreams are to travel and help those in need wherever and however she can. She has a passion for teaching, and seeing little children develop. She loves seeing the excitement on a child's face when they realize they have learned something new. She enjoys reading books, journaling, hiking and doing nails, going on solo dates, and trying out new recipes. She dislikes only certain fruits and veggies (guava and green peas). Non-smoker. Message to recipient: I always wanted to help families and people around me, personally seeing my friend struggle with infertility makes me understand your journey to some point, when I read about becoming an egg donor I loved the idea that I would be able to help somebody/family grow in numbers and love, so with all that said, it would be an honour if you chose me to help make your dreams of having a family become reality. I look forward to walking this journey with you.</p>
Reproduction history:	No children and no donations as yet.
Views on religion and spirituality:	Christianity, I do believe that everyone's religion of choice should be respected regardless

Confirmation

I have only made myself available as an egg donor with baby2mom:	Yes
Please advise any specific donation criteria other than those mentioned:	None
All information provided is correct and pictures are all of me. I agree to keep baby2mom updated with the donor programme (screening, blood tests, scans, egg retrieval). I will keep baby2mom updated wrt my availability and wrt egg donation pregnancies achieved. I consent to participate in the baby2mom egg donor program and participate as required and understand the concept of anonymous egg donation and claim no further rights over any child(ren) conceived of egg donation. I agree that I will be prescribed medication to potentially synchronise my menstrual cycle with that of the recipients and will be given hormones in a controlled environment by professional fertility specialists to stimulate donor egg development. I agree to find more information pertaining to egg donation on the baby2mom egg donor site or ask if I have any further questions about being an egg donor. I agree to participate as required as people often travel from international destinations to participate in a South African egg donation program and have incurred considerable financial and emotional costs:	Yes
